Types of lips

**Full type of lips : Full lips are admired the most; they are rich and pouty and have a great sex appeal to them .
Celebrities such as Angelina Jolie have this type of lips**

Round type of lips

Rachel bilsons has them
; this type lip semeulat
like a button

Shapeless Lips

Shapeless lips have no shape or a defined outline they require proper outlining with a lip pencil. By using a lip pencil you can draw the type of lip shape that you want

Thin lips

If you apply the right kind of
Make up on thin lips you can make them look great
and sexy just the way Kate Hudson does

Procedure of makeup

- 1, wash your hands with soap properly do remove dust and bacteria
- 2, Use a good quality face wash with water in order to remove dust stick to your face
- 3, Once you have done cleansing you can go for scrubbing
- 4, Now do your skin dry with a clean towel

Cleansing

Cleansing is the most effective way of removing dust, dirt and dead layer from your skin. It is also meant for cleansing the previously applied makeup. Cleansing helps in removing the extra element on the skin to make it's for open and breathing

Selection of Base

A strong base is that makes look strange. To start with you should try the different types of bases until your figure out . The most and how to make it work for different occasions and looks

Types of Base

Primer

Cover uneven color collection like dullness and redness even fine lines with refining makeup primer

" Every beautiful face starts with the strong base"

Foundation

Combining centuries of skin care science and light reflection technologies shiseido foundation make skin healthy, glowing and naturally beautiful

Application of Base

- 1, Spread the light
- 2, Hide unwanted shadows
- 3, cover dark circles and dullness
- 4, Define the contours of your face like cover spots ,
freckles and blemishes

Compact

A compact is cosmetic product.

It is usually a small round metal case and contains two or more of the following . Mirror , pressed or loose face powder with a powder puff

Types of compact

Eyebrows

- 1, Define the length of your eyebrows : Use the screw brush to give shape to your eyebrows and then use the eyebrow pencil to fill any spare area and shape the end
- 2, Drawing in a gentle shape for your eyebrows : use eyebrow powder to create definition and body , and to accentuate the natural flow of the eyebrow
- 3, Match your eyebrow color to your hair:
Balance the color of your hair and eyebrow using eyebrow mascara that matches your hair color First, apply the mascara from the outer corners of your eyebrows toward the inner corner , against the direction of the hair.

Eyes

1, Clear the dullness first , use the eyelid base to review any dull areas around your eyes . Place the base of finger and apply a thin layer along the upper eyelid where you have not applied the foundation

shadows around the eyes

Bring out the beauty of your features by creating natural shadow around your eyes with The highlight color medium c, main c and shadow

Eye shadow

Brighten your eyes with highlight color: take up some highlight color on a large brush and use the back of your hand to adjust the amount of powder apply the powder to your eyelid focusing the light in the center as if covering in the entire eyelid by the brush

shadow with the shadow color

Using a smaller brush or the lip, apply the shadow color along the length of your eye liner corner. Add great definition to your eyelid by layering over the line draw with pencil eyeliner

Define your eye with line

Define lines are essential for the perfect purifying makeup: choose from liquid liner and pencil liner . Each liner allows you to define your look in a different way

Liquid Liner (clear liner)

Draw a line with a liquid liner from the outer and the inner corner of your eye toward the center, and then finish the line by moving toward the outer corner

Pencil liner (soft line)

Draw line from the outer and the inner corner of your eye toward the center following the base of your eyelashes and the filling in the shapes
