

# FABRIC SWATCH BOARD

By – Mrs. Navneeta  
Asst. Prof. in FD

A swatch board is literally a board on which you paste samples of Resene colours, products and fabrics you are going to use. You may have collected ideas online and digitally pinned examples of DRESSES or colours you like, maybe even compiled an actual scrapbook, but the swatch board condenses those ideas in a very physical way.

A/W 2011/12

30001 - 50% viscose 22% polyester 10% wool

Light to lively yellows till to reddish orange

30002 - 60% wool 23% cotton 17% viscose

# Nordic fairy tale suggestions

italtex

Think of Nordic fairy tale suggestions, where the shades of green are harmonized in unexpected effects.  
The elegant fabrics show soft colors, from light to dark, creating a rich and varied palette. The colors  
are rich and vibrant, creating a sense of depth and texture.
