

Fishnet stockings

In the field of textiles, **fishnet** is **hosiery** with an open, diamond-shaped **knit**; it is most often used as a material for stockings, **tights**, or **bodystockings**. Fishnet is available in a multitude of colors, although it is most often sported in traditional matte black. Fishnet is commonly worn on the legs and arms by practitioners of **goth** and **punk** fashion, but is also commonly worn by the mainstream as a fashion statement. Generally considered to be a **sexy** garment, it may serve as a component of **sexual fetishism**. Fishnets are used mostly as a type of **undergarment**, and in as much as it defines curves by applying a grid close to the body it generally accentuates the wearer's muscular definition.
